CHINA MATT Office BOVRIL AT THE FRONT.

Bovril has Level such a conspicuous part in South Africa that it forms no inconsiderable feature of the story. The 'Lancet' has had frequent references! to Berrilain the reports of the officers of the Royal Army Medical Corps. Nearly every newspaper correspondent has had to refer to Bovril to make his story complete. Rudyard Kipling and Baden-Powell have written their Bovril stories. Over 500 British hospitals and similar public institutions use and prescribe Bovril, not beef ten, but Bovnil.

The reason is not far to seek. Bovril is ncurnisher as well as a stimulant. It contains the albumen and fibrine, the sustaining properties of the beef. It is this fact, together with its absolute purity, that commends Bovril to physcians and scientists, and proves in practice what it demonstrates in analysis.

A SERIES OF ARTICLES,

#### THE LATE CAPTAIN CAROZZI.

The N. C. Daily News of the 19th inst. says .- Death has removed a remarkably. remantic figure in the person of the late Captain Felix Frederick Carezzi, who seecumbed under the saddest circumstances on a Tuesday morning last and was, buried on Thursday afternoon at the Bubbling Well Cemetery. By many, even his most intimates, he hasbeen mistaken for Cutcliffe Hyne's study of Captain Kettle, and every characteristic tallies most accurately with that author's sketch of the 'plain master's mariner, who assiduously looked after his i employers interests, and at the same time, i by dint of thumps and persuasion, shaped his course and kept his crews under control, Carozzi came out to join the indoor staff of the Imperial Maritime Customs in 1877, but failing in his final examination, took up the sea calling for choice. He was second mate in the service of the China Navigation Company, on board of the Pekin, and lost command through a firm assumption of 66 authority and independence of spirit. In 78 he commanded the Irhwon, and left Judine's to pilot the fortunes of privately owned Pingon, which cleared from Sing apore with a cargo of arms and ammunition, bound for one of the many disaffected is lands of the Dutch Archipelage. Carezi fatalist that he was-took everything that came in a philosophical way, and amongst the favours was a life sentence for this offence in consequence of the vigilance of a OH, SLY CIGARETTE! Dutchman of war. Capt. Danielson, who was associated with him in the venture, died in OH, FIE, CIGARETTE: tempt fate once more in another blockade runner. In April 1885, during the Franco-China War, with 660 Chinese troops, he China War, with 660 Chinese troops, he was captured by a French croiser. The ship was taken as a prize to Saigon and sold, and Carozzi was sent to the Pescadores where he was liberated in a short time by ) the French authorities on parole. There seems to have been collusion to the sur rebder in this case, as the terms were exceptionally light, and the ubiquitous captain was in possession once more of his liberty. During a sending trip to the Behring Sea in 1888, for an act of insub-ordination in complicity with his mate, he shot one of his Chinese crew, and in consequence stood his trial on the capital; offence before the Consular Court in Yokohama. After short deliberation the jury acquitted the accused, but as he afterwards remarked to his friends, it was a more rais quart d'herere, and one, with all his atolidity and indifference, that was exceptionally trying to his nerves. There are few knew him intimately that will not miss him, for his wealth of anecdote, for the careless way he looked on the serious side of life. Brave to the verge of suicide, generous to a fault, proud to a degree that often led his best friends to mistake his

The Durbar Review.

The following is an extract from a description of the Delhi Durbar Review:-The march past of the Infantry Brigades was admirably executed, massed band relieving massed band with marvellous preci sion and the distances were preserve throughout and the twenty-three thousand men got by in less than an hour. As the last Regiment passed down the field ar army of bhistis were seen watering the great space in front of the assemblage, and when a minuto later the Artillery and the Cavalry came past at a trot, regiment follow jng regiment in close succession, the need of this precaution became evident. As it was, the view was partially obscured by dust. and the accuracy and smartness with which the subsequent dramatic movements were performed could be witnessed. The first was a charge of a column of the Division, the whole cavalry force advancing at a gallop in three surging lines from the in the harbour yesterday owing to the front and wheeling to the right and left as | heavy sea which was running. Fifty-six the saluting point was reached, A thun- of the passengers were rescued, and derous charge similarly executed by the twenty-nine bodies have been recovered. Royal Horse Artillery Batteries followed, It is reported that one hundred persons and meanwhile the six thousand Cavalry | were aboard. swept round into the darkness of the dust cloud raised by the guns. Five minutes later the Mounted Force was thrown in class formation in one magnificent effort together atfull gallop toward the saluting point. Regiment beside regiment, there came spears flashing through the dust in one vast onset to be checked by the trumpet blast as they neared the point where

the Viceroy, the Duke and Lord Kitchener sat on their horses awaiting them. The speciacle was stupendous and awe-inspiring, and it will be long before the memory of it will fade from the minds of the Chiefs and Englishmen who saw it. It appases that it was designed and arranged personally by Lord Kitchener, who has entered into the spirit of this great demonstration with an energy less only than that which he displayed in the Soudan and in South Africa. As a sight the charge has neve been equalled in India; as a physical demonstration of might, of paramoun power, it was overwhelmingly convincing. With its completion the review terminated, the Viceroy and the Duke riding off the field to the sound of 'God save the King' and the thunder of the saluting guns, the bluo and white clad Imperial Cadets, wheel ing in hehind the scarlet of the Viceregn bodyguard, bringing up the rear.

VICTORIA RECREATION CLUB v. 'G' CO.

Owing to the 78th Co., R.G.A., having to attend a funeral, the tie that was to have been played on Saturday did not come off, and the Victoria Recreation Club arranged to play 'G' Co., Sherwood Foresters, instead. The teams were :-

V.R.C -Goal, J. H. R. Hance; backs, R. Lapsley and A. Ritchie; halves, J. Craik, J. Witchell and R. Henderson; forwards, H. A. Seth, A. Humphreys, E. R. Herton, H. S. Holmes and H. W. Sayer. 'G' Co .- Goal, Turner; backs, Williams

and Clark; halves, Stone, Cope and Fraser; forwards, Cohen, Maiden, Murphy, Walsh and Forg.

Referee-Mr Triggs.

In a match on the Saturday provious, with other bachelor. 'G' Co. beat the V.R.C. by 5 goals to 1, but the latter were then playing four substitutes picked up on the ground in place of four good men. From the very commencement, the Civilians pressed, and had netted three goals before the whistle blew for halftime, Sayer being responsible for two and Humphreys for one. The Foresters made several nice runs up, their forward combination being really excellent, but the shooting was weak. A scrimmage almost ed like a certainty for the soldiers, but Hance saved brilliantly, and was deserved-

The second half opened with the score at 3 to 0 in the Club's favour, but the Foresters pulled themselves together, and after some pretty combined play by Cohen and Maiden, the first and only goal scored the adoption of the report, and is doing and on the motion of Mr Ho Fook, second; by the Regimental team was footed in by Cohen. This, in turn, stimulated th Recreation Club, and within half an hour the civilians had raised the total to 6 goals. Sayer, Herton and Holmes finding the net in turn. On the call of time, the V.R C. scored their first win of the season by For the Yokohama Specie Bank, Ltd.,

This a mistake, for they were but one man | For the Doutsch-Asiatische Bank, short of their full strength. Of the play itself there was much that was interesting. For the Russo-Chinese Bank, V.R.C. have never shown up better before. Lapsley excelled himself, and was seen in his best form on Saturday. In the forward line, Sayer and Horton were all that could be expected of players so young, the former's shooting being quite one of the features of the match, whilst the latter at centre forward was a decided improvement, his place in the half back line being very creditably filled by Witchell. Craik also justified his substitution for Fergusson.
